MINI BAR MENU

Once Upon a Time...

In our locales bustling streets, travelling hawkers embarked on their daily journey with rattan baskets attached to a shoulder yoke. These hawkers were the heart and soul of the city, weaving through busy streets, crowded intersections, and narrow alleys to bring a taste of Singapore to locals and visitors.

In our hearts, the spirit of these hawkers has lived on - their basket weaving tales of tradition, resilience, and the unifying power of hearty food & drinks, binding the community together.

This nostalgic watercolour artwork & handwoven baskets are a tribute to these bygone tradesmen, along with our thoughtfully curated selection of refreshments we so love.

Be it to reminisce a familiar taste, explore heritage flavours or bring a taste of locality back home, we trust you indulge!

Beverages
